**1. Briefly define the problem/issue:**

It was recently learned that a FY22 PEP grant application submitted by Pulaski County in the amount of \$3,000 did not come through the VDEM psapgrants mailbox when it was submitted. This resulted in Pulaski not receiving PEP grant funding for an application that met all of the Guidelines in its submission.

**2. Background** (include important dates):

Pulaski has provided email documentation of the attempted submission to the VDEM psapgrants mailbox on September 30, 2020 at 4:47 pm. Research into receipt of the submission did not locate the email at the mailbox.

**3. Major Considerations:**

N/A

**4. Recommended action:**

Staff is recommending that the FY22 PEP grant application received from Pulaski be approved by the Board and is seeking PGC concurrence with staff's recommendation.

**5. Alternatives to recommended action:**

No Action – Deferring to the Board without input from the PSAP Grant Committee
